Thanks for the update, Erin.

All, Jeff Shu (DFG) can fulfill coordination of the workshop 3 panel by convening two prep meetings and compiling the slides into a single presentation, as Erin did before. Let me know if that is agreeable to your agency.

Once all the panelists are known, Jeff will be in touch to set up the preparation meetings.

So far we know that USFWS has Derek Hiltz and Julie Zimmerman on the panel.

Hi Everyone,

I'm sorry I wasn't able to join more of the discussion you all had on Tuesday. I was able to listen to some of it but had to keep my mute button on to save you from the loud ambient noise on Amtrak.

I wanted to give you all an update on EPA participation in Phase II State Board workshop # 3. EPA is not planning to provide written comments before the workshop or participate on the regulatory and agency panel. Our managers feel we would be repeating things we've already said in the last two workshops regarding 3D modeling of the LSZ and we don't have expertise in the other topics of water supply and hydropower modeling.

We are working on comments to send to the State Board after the workshops are complete and are planning on continuing coordination with all of you on that. We'll also be keeping up with you all as you prepare for the final workshop and will attend the last workshop.

Subject: Reminder: Next Agency Coordination Call on SWRCB WQCP Update and SJR Trib Settlement
Discussions

Just a reminder - the phone number has changed from earlier calls:

Hi All,

Just a reminder that we have our monthly Agency Coordination Call on SWRCB WQCP update and San Joaquin Trib
Settlement Issues. I have both attached the draft agenda and pasted it below. If you have some thoughts on the
Draft, please forward those to me.

This meeting is a phone conference call (unless someone has a reason to get together that I've missed) and will
start at 3:00. We have two hours, if needed. I expect that we will spend the most time discussing the WQCP
update Phase II workshops and related, though we need to have a pretty good discussion on the SJR Trib
Settlement Nov. 27 Workshop. We'll start on the Phase II issues so that those not working on the San Joaquin can
have the choice to continue with the call or not when we finish that item.

Also, we have changed phone lines so that we should be better able to handle all the participants.

Again, double check with your staff and/or co-workers that should have received this email to confirm that they
actually did. If someone should be added (or removed), let me know.
